For the Department of the Interior and Local Government Region 1 (DILG R1), there is no other way but up. The year 2014 was truly a fulfillment of my last year's statement – "...the year 2014 shall be an opportune time for us to surpass records and define new standards of performance" – as we outshined our 2013 accomplishments and was recognized as one of the Best Performing Regions nationwide. And so, with joy and gratitude, we present the priceless achievements the entire Region 1 workforce has wrought.

As the years passed, the DILG R1's efforts and collective progress was proven vital and indispensable in the realization not only of the Department's performance commitments but also of the national government. Proofs to the region's successful contributions include its active role in the streamlining of business permits and licensing system and regulatory services through which the Region received a Plaque of Recognition from the Local Government Academy (LGA), and World Bank - International Finance Corporation. In fact, the adoption of the Business Permits and Licensing System (BPLS) was made in all 125 LGUs of the Region.

In terms of Disaster Risk Reduction and Management / Climate Change Adaptation (DRRM-CCA), capability building activities on the Formulation of Local Climate Change Adaptation Plan (LCCAP) and Establishment of Geographic Information System (GIS) were conducted by the Region for LGUs within the Major River Basins (MRBs) and of Highly Vulnerable Provinces. DILG R1 is also pleased to showcase the full compliance of all LGUs to Calamity Response Protocols.

Moreover, the Region encouraged the LGUs to grasp their potential and even enhanced their capacity in delivering gender-responsive local governance. Not only did the Region surpassed the national targets with 100% compliance to the Magna Carta of Women (MCW) requirements namely the GAD Focal Point System (GFPS), 2013 GAD Accomplishment Report and 2014 GAD Plan and Budget but it also recorded accomplishments in non-target components of GAD.

Likewise, the DILG R1 is one of the first regions to have a 100% accomplishment in the release of Performance Challenge Fund (PCF) and in the completion of Seal of Good Local Governance (SGLG) sub-activities. More so, all of the 129 LGUs of the Region are also entirely compliant to the Full Disclosure Policy (FDP).

These achievements are only the tip of the sword. We assure you that we still have a lot in store that will inspire you.

Certainly, we could not have done all of these without the support drive of all our personnel. Thank you for putting us at the top. We also thank the Department executives, the bureaus and the Local Government Academy for always taking the chance to holistically uplift us. To the LGUs, NGAs, academe, CSOs and the private sector, we graciously acknowledge your understanding and openness to promote and implement our projects and programs. We will treasure our partnership and endeavor to make it flourish keeping in mind our commitment to quality public service and community welfare.

As we face the year 2015, it is imperative that we strive to still develop ourselves without forgetting the past years' lessons. We will definitely motivate more communities, touch more people and improve more lives. The coming year shall be another milestone carved in our roster of legacies that are worth proclaiming and emulating.

1.1 BUILDING BUSINESS-FRIENDLY AND COMPETITIVE LGUS

In preparation for the Association of Southeast Asian Nation (ASEAN) Economic Integration in 2O15, the Department of the Interior and Local Government (DILG) scaled-up its programs, projects, and activities (PPAs) geared towards ensuring the development of business-friendly and competitive local government units (LGUs) which are able to cope with the influx of goods and services from ASEAN countries. These PPAs were cascaded to the Regional Offices for implementation at the LGU-level.

The DILG Regional Office 1 , through its Local Government Capability Development Division (LGCDD), provided technical assistance (TA) to the eight (8) Tourism Development Areas on the organization of the Local Economic Development and Investment Promotions (LEDIP) Team / Office and in the Development / Updating of the Business Plan, Comprehensive Development Plan (CDP), Local Revenue Code, Local Investment and Incentives Code (LIIC), and Schedule of Market Values (SMV).

The eight (8) target-LGUs under the program namely, Laoag City, Batac City, Bangui, Burgos, and Pagudpud of Ilocos Norte and Vigan City, Candon City, and Santa of Ilocos Sur organized their respective LEDIP Team and formulated their respective Local Revenue Code and Local Investment and Incentives Code. Vigan City, Candon City, and Santa of Ilocos Sur were able to formulate their respective CDPs.

In terms of updating the SMVs, the eight (8) LGUs have existing SMVs as basis for the appraisal of real properties. The CY 2014 SMVs were reviewed for January 2015 effectivity.

Regional Office also conducted a Consultative Dialogue cum Training Local Investment and Incentives Code last October 3, 2014 which was participated by key Regional Personnel and the Regional Focal Person from the Department of Trade and Industry (DTI) Region 1. This was in preparation for the LIIC Writeshop conducted last November 25-27, 2014 at the Hotel Salcedo de Vigan, City, Ilocos Sur which integrated Business Plan Preparation as one of Modules. Participants to the writeshop were Local Economic Investment Promotions Officers (LEIPOs), Municipal Planning and Development Coordinators (MPDCs) and Sangguniang Secretaries from six (6) Tourism Development Areas (TDAs) of the Region (Vigan City, Candon City, Santa, Batac City, Pagudpud, and Bangui).

1.2 STREAMLINING BUSINESS PERMITS AND LICENSING SYSTEM (BPLS) AND OTHER REGULATORY SERVICES

As part of the Department's commitment in pursuing reforms on improving business transaction processes at the local level and in compliance to the implementation of RA 9485 or the Anti-Red Tape Act of 2007, DILG Region 1 has continuously assisted LGUs in streamlining their business permits and licensing system (BPLS). The Joint Memorandum Circular issued by the DILG and the Department Industry (JMC No.O1, s.2O1O) sets for the prescribed standards which and adoption of one form, reduced number of steps, time, and signatories for new business applications and business renewals.

To date, all nine (9) cities and 116 municipalities in the region have already streamlined their BPLS process. The streamlining of BPLS is expected to generate more locally-sourced revenues as more investors are encouraged to apply for and renew their respective business permits and licenses. The DILG R1 is in the process of monitoring the impacts of the adoption of streamlined BPLS through progress reports from the LGUs.

1.3 COACHING ON REGULATORY SIMPLIFICATION FOR LOCAL GOVERNMENTS (RS4LG)

To complement the streamlining of business permits and licensing system, DILG Region 1 (DILG R1) assisted the cities in improving their regulatory environments particularly in attracting new businesses.

To ensure their support and commitment to the program, the DILG R1 initiated the conduct of the Orientation-Briefing on Regulatory Simplification for Local Governments (RS4LG) to nine (9) cities with 69 participants composed of the following: Business Permits and Licensing Officers, Sangguniang Panlungsod Members on Finance, Treasurers, Assessors, City Local Government Operations Officers, Program Managers, Cluster Leaders, Provincial RS4LG Focal Persons.

The RS4LG covers several stages such as diagnosis, solution design, implementation / test run and monitoring and evaluation. Preliminaries in the implementation of the program include formalizing commitment thru signing of Memorandum of Agreement and Organization of the Simplification Management Team (SMT) and Simplification Project Team (SPT). The RS4LG involves an exhaustive review of an LGU's regulatory framework with the objective of removing unnecessary requirements in registering a business and keeping only the essential steps in the process.

To date, there are five (5) LGUs which have been officially enrolled in the RS4LG, namely; Laoag City and Batac City in Ilocos Norte, Vigan City in Ilocos Sur, City of San Fernando in La Union and Urdaneta City in Pangasinan.

Three (3) cities completed the Diagnosis and Process Design Phases and were able to launch their RS4LG on the following dates:

a. City of San Fernando - April 29, 2014 b. Urdaneta City - August 6, 2014 c. Laoag City - August 27, 2014

DILG R1 also received a PLAQUE OF RECOGNITION from the Local Government Academy (LGA) for its contribution in pursuing the implementation of the regulatory simplification in LGUs. The implementation of RS4LG is expected to attract more investors in the LGUs with their simplified process of starting new businesses.

1.4 LGU ALLIANCE BUILDING FOR LOCAL ECONOMIC DEVELOPMENT (LED)

Local Economic Development (LED) is a process, which brings together different partners in a local area to work together and harness local resources for sustainable economic growth. This calls for LGUs to collaborate with its partners like national government agencies (NGAs), the private sector, Civil Society Organizations (CSOs) and other development partners to support and strengthen the enabling environment for business development, retention and expansion, as a means to promote equitable and balanced local economic growth in their communities.

In Region 1, four (4) Alliances have been formed for this purpose, namely:

- 1. Coastal Towns of Ilocos Norte Clustered for Integrated Development (CoINCIDe);
- 2. Cluster of Upland Municipalities in Ilocos Sur (CUMIIoS);
- 3. Metro La Union Development Coordinating Committee (MetLUDCC); and,
- 4. One Pangasinan Alliance (OPAL) in Western Pangasinan.

CUMIIoS, CoINCIDe, and OPAL have formulated their respective Framework Plan. To ensure the implementation of said plans, the Regional Office conducted a Regional Economic Transformation Team (RETT) Meeting last August 29, 2014 at the DILG R1 Training Room, City of San Fernando, La Union. The meeting was attended by Heads of the Technical Working Group (TWG) of the four (4) Alliances and representatives from nine of NGAs who provided feedbacks on the content the Alliances' Framework Plans and committed their programs support the plans. Areas for convergence during said meeting.

1.5 REVVING-UP LGU POTENTIALS IN LOCAL ECONOMIC DEVELOPMENT (LED)

Revving-Up LGU Potentials in LED is one of the initiatives of DILG R1 in partnership with the League of Municipalities of the Philippines (LMP). It was initially implemented last CY 2013 and was participated in by LGUs of Ilocos Sur, Ilocos Norte, and Pangasinan.

Last September 24-26, 2O14, a Training on Revving-Up LGU Potentials in Fiscal Management and Local Economic Development was conducted for the LGUs of La Union. This was held at the Kultura Splash Wave, Pugo, La Union and was participated in by 6O participants from 19 LGUs composed of Local Chief Executives, Vice Mayors, members of the Sangguniang Bayan, Local Economic and Investment Promotions Officers, Tourism Officers, Secretary to the Sanggunian and other local functionaries.

Preparatory activities were also conducted by the Regional Office to facilitate the conduct of the training. These include an initial dialogue with the League of Municipalities of the Philippines (LMP) La Union Chapter President in January 29, 2014 and social marketing to members of the LMP – La Union Chapter during the league's July 2014 meeting.

The training program provided participants with knowledge and better appreciation of their roles in promoting local economic development.
